

Kentucky Oil Journal.

No newspaper in Kentucky attempts to give all the news of the oil development each week.

The Kentucky Oil Journal, Barbourville, Ky., is a record of industrial effort with particular reference to the progress of work looking to the production of oil in Kentucky.

There are now more than 500 oil companies in the state developing or about to begin work of development.

The Journal is a 16 page, well illustrated weekly, \$2 a year, 10c. a copy.

Women Investigate Practical Politics.

The Women's Municipal League for the study of Practical Politics in New York have just opened a new office and prepared for business. Their announcement says simply that they "propose to gain a more intimate knowledge of the workings of politics and the city departments." They could not have chosen a more opportune time. If they will just compare the promises of the present administrations before election with its practices they will get a lesson in practical politics which will make further study unnecessary.—New York Sun.

Comical Anti Suffragists.

A funny fatality seems to inspire the opponents of equal rights for women to use the most incongruous arguments possible. A United States Senator of notoriously profligate life objects to women suffrage on the ground that it would injure "the purity and delicacy of womanhood." The representatives of the liquor interest object for fear it might impair the happiness of the home. Rev. Edward Everett Hale, who has just celebrated his 80th birthday, objects to women's voting because they cannot fight; and Mrs. A. J. George, of Massachusetts, who spends much time traveling about lecturing, objects on the ground that "a woman's place is at home."

It suggests a story of the old days before imprisonment for debt was abolished in England. The rumor of a French invasion had thrown the whole country into excitement, an imprisoned debtor was talking through the bars of his window with a street beggar and a soldier who was considerably more than "half seas over."

"If the French effect a landing on British soil, what will become of our liberties?" cried the imprisoned debtor. "Yes and of our property!" echoed the tattered beggar. "Oh, don't our liberty and property!" vociferated the drunken soldier. "What will become of our religion?"—New York Sun.

A Raging, Roaring Flood

Washed down a telegraph line which Chas. C. Ellis, of Lisbon, Ia., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung trouble by St. Bernard Drug Co. Price 50c and \$1.00

Editor W. T. Stead has scooped the profession by accomplishing a posthumous interview with Cecil Rhodes.

Will Cure Stomach Ache in Five Minutes.

This is just what Painkiller will do; try it. Have a bottle in the house for instant use, as it will save you hours of suffering. Watch out that the dealer does not sell you an imitation, as the great reputation of Painkiller (Perry Davis'), has induced many people to try to make something to sell, said to be "just as good as the genuine."

The usual Ohio idea seems to have been reversed in the election of a Democrat as director of the public schools of Cleveland.

Does This Mean You?

When a man doth wish to angle,
A hook like this he loves to dangle:

He gets a pole so good and strong
And catches a fish about so long:

As the day goes on the fish doth grow
And when he gets home it stretches out so:

But those who have a fishing been
Know that the man has lied like sin,
And they simply sit and smile and grin.

THE OLD RELIABLE L. & N.

Keeps Abreast of the Times—Interchangeable Mileage Books Now on Sale at All Offices.

The Louisville & Nashville railroad have placed on sale the new interchangeable mileage books at all offices on their system and they are good and will be honored for passage on the entire line except the following branches: L. H. C. & W. R. R., Glasgow R. R., Elkton and Guthrie R. R., and Pontchartrain R. R.

By this arrangement the holder of one of these interchangeable tickets can travel over sixteen different railroads and two steamship lines, aggregating a grand total of 13,053 miles.

If there is anything conducive to the accommodation or comfort of their patrons the L. & N. always manages to secure it.

Dreadful Attack of Whooping Cough

Mrs. Ellen Harrison, of 300 Park Ave., Kansas City, Mo., writes as follows: "Our two children had a severe attack of whooping cough, one of them in the paroxysms of coughing would often faint and bleed at the nose. We tried everything we heard of without getting relief. We then called in our family doctor who prescribed Foley's Honey and Tar. With the very first dose they began to improve and we feel that it has saved their lives." Refuse substitutes. Jno. X. Taylor.

Congressman Grosvenor's political predictions this year will include figures on his ninth election to the House of Representatives.

Good for Rheumatism

Last fall I was taken with a very severe attack of muscular rheumatism which caused me great pain and annoyance. After trying several prescriptions and rheumatic cures, I decided to use Chamberlain's Pain Balm, which I had seen advertised in the South Jerseyman. After two applications of this Remedy I was much better, and after using one bottle, was completely cured.—SALLIE HARRIS, Salem, N. J. For sale by St. Bernard Drug Store, Earlington; Ben T. Robinson, Mortons Gap; Geo. King, St. Charles.

The nomination of Grover Cleveland by the Democratic convention in 1904 would cause the Commoner to reverse its column rules.

"A neighbor ran in with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy when my son was suffering with severe cramps and was given up as beyond hope by my regular physician, who stands high in his profession. After administering three doses of it, my son regained consciousness and recovered entirely within twenty-four hours," says Mrs. Mary Haller, of Mt Crawford, Va. This Remedy is for sale by St. Bernard Drug Store, Earlington; Ben T. Robinson, Mortons Gap; Geo. King, St. Charles.

Wanted.

We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of Indigestion, Dyspepsia, and Live Troubles that has not been cured—and we also want their results, such as sour stomach, fermentation of food, habitual costiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try one bottle first. We have never known of its failing. If so, something more serious is the matter with you. Ask your oldest druggist.

He Kept His Leg.

Twelve years ago J. W. Sullivan, of Hartford, Conn., scratched his legs with a rusty wire. Inflammation and blood poisoning set in. For two years he suffered intensely. Then the best doctors urged amputation, "but" he writes, "I used one bottle of Electric Bitters and 1½ boxes of Bucklen's Arnica Salve and my leg was sound and well as ever." For eruptions, Eczema, Tetter, Salt Rheum, Sores and all blood disorders Electric Bitters has no rival on earth. Try them. St. Bernard Drug Company will guarantee satisfaction or refund money. Only 50 cents.

A VALUABLE MEDICINE

For Coughs and Colds in Children.

"I have not the slightest hesitancy in recommending Chamberlain's Cough Remedy to all who are suffering from coughs or colds," says Chas. M. Cramer, Esq., a well known watch maker, of Colombo, Ceylon. "It has been some two years since the City Dispensary first called my attention to this valuable medicine and I have repeatedly used it and it has always been beneficial. It has cured me quickly of all chest colds. It is especially effective for children and seldom takes more than one bottle to cure them of hoarseness. I have persuaded many to try this valuable medicine, and they are all as well pleased as myself over the results." For sale by St. Bernard Drug Store, Earlington; Ben T. Robinson, Mortons Gap; Geo. King, St. Charles.

OUR COLORED CITIZENS.

A very popular young lady has been a child again just for one week. She had a severe time teething. It is indeed a wisdom tooth, for she has wisdom of the pain of teething.

The wife of E. J. Simpson, of Providence, was the guest of your correspondent recently.

Failed to state last week that the wife of — Cavanaugh spent Easter week at Hopkinsville.

Rev. D. J. Donohoo, Presiding of Indiana, was here Saturday and Sunday and preached two interesting sermons.

The Passover of the Mystic Shrine is reported to have been a brilliant affair. It must have been, for the wife of A. Hawkins was out, and when Mesdames Hawkins, Hughes, Hines, Wilson and Gordon got out there is something unusual.

—Wing, of St. Charles, spent Saturday and Sunday here.

Thomas Clark was badly hurt in the mines Saturday. The accident was caused by his going to examine a "shot" after being lighted, but did not "go off" as soon as he thought it should. His injuries are very painful, but not fatal, we hope. He is receiving special care from Drs. Chattem and Johnson and his faithful wife, who, though well stricken in years, is a good housekeeper and a patient nurse. Her neat house and yard and snowy beds are a standing rebuke to younger women who fall below Mother Clark's standard.

The wife of C. Ross and little son and — Teague were the guests of Mrs. C. Alexander Sunday.

H. Earl soddied the Alexander-Dunlap lot at the cemetery and it is beautiful. Much attention is being given the homes in the city of the dead now. Madams Christian Young's, Duncan's and Brogus' lots have been soddied or renewed and present a very neat appearance. Your correspondent is much pleased at the many beautiful monuments and the care taken of the graves. The condition of graveyards, churches and school houses are indexes of any people.

I might add that I was highly pleased in my visit to the village of the departed, yet the presence of dishes puzzled me. I can see the appropriateness of monuments, flowers and shells for grave decorations, but am too young to see the propriety of dishes as a grave decoration.

Among the Churches.

Meeting is yet in progress at the Baptist church.

The Endeavor was very interesting Sunday. The topic was "Giving; Its Law; Its Reflex Influence, 2 Cor. 8:15; 9:6; 7:1 Cor. 16:1, 2." The Bible plan was discussed and approved as the correct plan; that is, paying a tenth part of all your income and give as much besides as you are able to. Paying a tenth is clearly taught in both the Old and New Testament. Mal. 3:8-11.

School Notes.

Interest in closing exercises is increasing. The Third grade boys are planning to play "William Tell" in costumes. The girls of said grade will make their first oratorical attempt. The advance grades appear with music and rhetoricals with much ease and grace, and the wee folks mean to pluck all honors.

Our superintendent requests that the schools send specimens of school work to the county institute, which will be held June. Do not know who the instructor will be, but would be pleased if it were our same principal, C. C. Monroe, of Owensboro.

Prof. Duncan, principal of Atkinson college, visited school Monday afternoon. School had closed, but some of the teachers were there preparing next day's work and had the pleasure of an interview with him. He reports the college in a very encouraging condition. Sixty-three in attendance. Twenty-three boarders. He expects a glorious closing the 4th of June.

Health Hints.

Let the sick have plenty of air.

Nine-tenths of the sickness in the world is due to a lack of fresh, pure air.

Milk from a cow that breathes fresh air, stays in a clean stable and eats clean food will cure most any disease.

Frequent baths, pure air, light, food and a quiet mind insure good health.

Barnesley Notes.

Rev. Beatty, of Earlington, will preach for us next Sunday. His sermons are always impressive and interesting.

Our Sunday and day schools are progressing nicely. Our most efficient teacher, Hattie B. Newell, of Clarksville, contemplates giving a concert soon.

Jessie and Try Johnson visited friends at Mortons Gap Saturday.

The wife of — Shelton, of Earlington, is visiting her son, Gus Shelton.

Norah Moore, of Evansville, was the pleasant guest of Fannie Rawls last week.

Caution!

This is not a gentle word—but when you think how liable you are not to purchase for 75c the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of Consumption and Throat and Lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe Coughs, Bronchitis, Croup—and especially for Consumption, where there is difficult expectoration and coughing during the nights and morning, there is nothing like German Syrup. Sold by all druggists in the civilized world.
